WHY CHOOSE STUDENT LIVING

Our expert Student team have over 30 years of experience servicing student accommodation.

We provide our customers with a reliable service you can trust, and offer everything from furniture, through to window dressings, flooring and white goods. Our own delivery teams will install your new furnishings, and just let us know if you would also like removal and disposal of the old.

We are a sustainability-driven company, committed to ethical sourcing and reducing our environmental impact. Our new ReForm waterproof foam mattresses made from 95% recycled materials takes our green efforts to the next level. They are also 100% fully recyclable, significantly helping to reduce the negative impact of mattress disposal.

Here at Fusion, we also make our own furniture. So this means you can have quality UK-made furniture on short lead times, but can also benefit from our parts-replacement service for when those unfortunate breakages do happen.

Whether you need to replace furniture, or embark on a refurbishment project, we're here for you.

And when it comes to sustainability, we lead the pack with our innovative 'ReForm' eco-friendly crib 5 foam mattresses. Say goodbye to mattress waste and hello to a greener future. Our ReForm contract mattresses are made with over 95% recycled materials and are 100% recyclable.
